A delightful social event was the entertainment of about forty guests at lunch, by Mrs. J. W. Allen, Mrs. C. W. Peters and Mrs. J. H. Crockett, at the home of the former, Thursday afternoon from 1:30 to 4:30 o'clock. The rooms were beautifully decorated in red, white and blue, the color scheme being patriotic. The lady cards were representative of drama, and the favors were miniature U. S. flags. Delicious refreshments were served at 4 o'clock. The time sped too swiftly for the happy guests, each of whom will long remember the occasion with pleasure.

DIED.

Joseph H. Richard died Friday night, January 19, at Orangeville, of which town he was the oldest citizen. When the recent heavy snow came, Mr. Richard, who lived with his only surviving son and child, James H. Richard, noticed that the servants had not swept the snow from the porch at the Richard residence. Securing a broom, he looked on sweeping the snow away himself, and while doing this he fell and broke his thigh. He rapidly failed and death resulted. Funeral services were conducted at the residence Sunday afternoon, and the body interred in the Orangeville cemetery. Joseph H. Richard was born in this town July 4, 1845. He was a son of Dr. James H. Richard.

On their way to Iowa, Rev. and Mrs. M. P. Arrasmith were in a wreck on the Big Four express near Kanabos, Ill. Three passengers were seriously injured, but beyond a severe shaking up, Mr. and Mrs. Arrasmith escaped injury. A fire alarm bell caused the wreck.

I am a candidate in the Town-to-Europe contest, and would esteem it a great favor if my friends, who are going to subscribe for the Courier-Journal, or readers would cast their votes for me, and also have the ballots cut from the daily Courier-Journal. Respectfully,
FLORENCE KIRKMAN.

The W. C. T. U. at Orangeville decided to raise funds sufficient to employ a detective whose duty will be to discover and report cases of intoxication and to ferret out when and where the liquor was obtained. It was also decided to open a reading room where the men can congregate at any time to read and where women can be indulged in.

Last Saturday and Sunday were said to have been the warmest January days since 1890. Orchestras were out and the streets were left for the balmy atmosphere outside. The temperature was as high as 73 degrees. The most disagreeable Monday was 60 degrees, but at night the mercury began to fall rapidly, and freezing was reached the next morning.

Dr. L. P. V. Williams, formerly cashier of the Lenora National Bank at Morehead, which suspended several weeks ago, will remove to Shelby, Indiana, where he will practice medicine. Dr. Williams has been one of the most enterprising citizens of Morehead, and we hope that he will do well in his new home. He represented Bath and Owen counties in the last Constitutional Convention.

Our Town Council.

The Town Council of Sharpburg is composed entirely of Hardsell Baptists, all of whom are members of the same church. There was no delay about enforcing the Sunday laws after they were sworn in, and the Town Marshal was ordered to immediately see that the "id" was put down tight on every thing—Mayville Bulletin.

The only member of our Town Council who could possibly be considered a Hardsell Baptist is the Chairman, J. C. Nelson, whose paternal grandfather and both grandmothers were Hardsells, or Old School, Baptists, yet Mr. Nelson is, like each of the other Councilmen, a member of the Missionary Baptist church at this place.

Various have been the comments of the State press about our Town Council, but R. R. Perry, of the Winchester Sun Sentinel, himself a Baptist, caps the climax with the following which appeared in a recent issue of his paper:

A special from Sharpburg says: "The new Town Council, which recently went into office and which is composed entirely of members of the Baptist church, ordered the Town Marshal to strictly enforce the Sunday-closing law. This was done today, and every business house, including barber shops, meat shops and restaurants, was tightly closed. Not even a cigar could be purchased. Hereafter the stores and restaurants were allowed to do business all day on Sundays, but the new Council says the Sunday-closing law must be observed. A number of citizens are up in arms against the new order, but the Councilmen declare that they will remain firm."

This reminds me what a drunkard fellow on the train said about Jellico. Jellico is part in Tennessee and part in Kentucky, and there are separate town governments. I asked him about the town and he answered: "Kentucky Jellico is all right; you can get any thing you want. But Tennessee is so good; a lot of fool fellows have control, and you don't get it."

Why Buy McClure's?

McClure's Magazine is bought and read in houses, not because it is a magazine, but because it is the magazine. Why?

FIRST—THE PRICE. It costs but one dollar a year, or less than ten cents a number, for over thirteen hundred two-column pages of reading matter. This amounts in actual bulk to twenty or twenty-five books costing anywhere from a dollar to two dollars a volume.

SECOND—QUALITY. The reading matter is written by America's leading writers—the best short story writers, the best writers on timely articles, the best writers of important serials, such as Schurz's Reminiscences or Baker's Railroad articles.

THIRD—TIMELINESS. The reading matter in McClure's is not only good; it is not only entertaining, amusing, instructive and inspiring—it is also about the subjects in which you and all Americans are most interested at the time. No subjects in the next twelve months are going to be so important as the question of railroad rates and rebates and the question of life insurance. Both of these questions will be discussed by authorities in an impartial, careful, interesting way.

FOURTH—ITS CHARACTER. McClure's Magazine is not edited for children, but at the same time, there is never a line in it that any young girl might not read. Its advertising pages are as clean as its editorial pages.

Sunday Eggs.
Paragraphs all over the country have poked fun at the little body of Kentucky women who last October announced that they held on Sunday would be friends to foreign missions. Today the wisdom of the policy then adopted is vindicated, the religious fervor of the ben established beyond question, and also that of her liege lords, by the announcement made after
